Application for **Resource Consent: Discharge to Land (General)**

Form B: Activity Information and Assessment Form

A complete Administration Form (Form A) MUST accompany this Activity Information and Assessment Form (Form B) when lodging your application. The purpose of this form is to provide the applicant with guidance on information that is required under the Resource Management Act 1991. These forms are to act as a guide only, and Horizons Regional Council reserves the right to request additional information.

3	DESCRIPTION OF PROPOSED ACTIVITY
	What is the source of the contaminant/s? (E.g. industry, cleanfill, landfill composting animal wastes, breweries etc.)
	Provide a detailed description of contaminant characteristics, physical and chemical composition, and whether it is a classified hazardous substance.
	Is the waste treated before being discharged? YES NO If 'Yes', please describe the treatment.
	Describe the discharge method, period, volume and rate of discharge (include calculations).
	Describe the discharge method, period, volume and rate of discharge (<i>include calculations</i>).
	Please provide any other information regarding the discharge to land that you consider may be relevant to this application.

RULE ASSESSMENT

4

5

A number of the activities under the 'Land and Freshwater' (LF-LW) chapter of the One Plan are permitted activities as long as you can meet certain conditions and standards. Please ensure your activity is not a permitted activity under the 'Land and Freshwater' (LF-LW) chapter of the One Plan. If you require assistance, please contact the consents team on 0508 800 800.

Please indicate which rule of the One Plan your activity falls under

Chapter RP-LF-LW can be accessed via https://www.horizons.govt.nz/publications-feedback/one-plan/one-plan-as-amended-by-plan-ammendment-1

ASSESSMENT OF ENVIRONMENTAL EFFECTS

For your application to be considered, an assessment of effects must be included. Please answer all questions below. Additional information may need to be provided depending on the scale and significance of your proposal.

SOIL

Describe soil type/s in the discharge area/s and the source of this information. (E.g. soil maps, soil test, local knowledge)

What effect will the discharge have on soil?

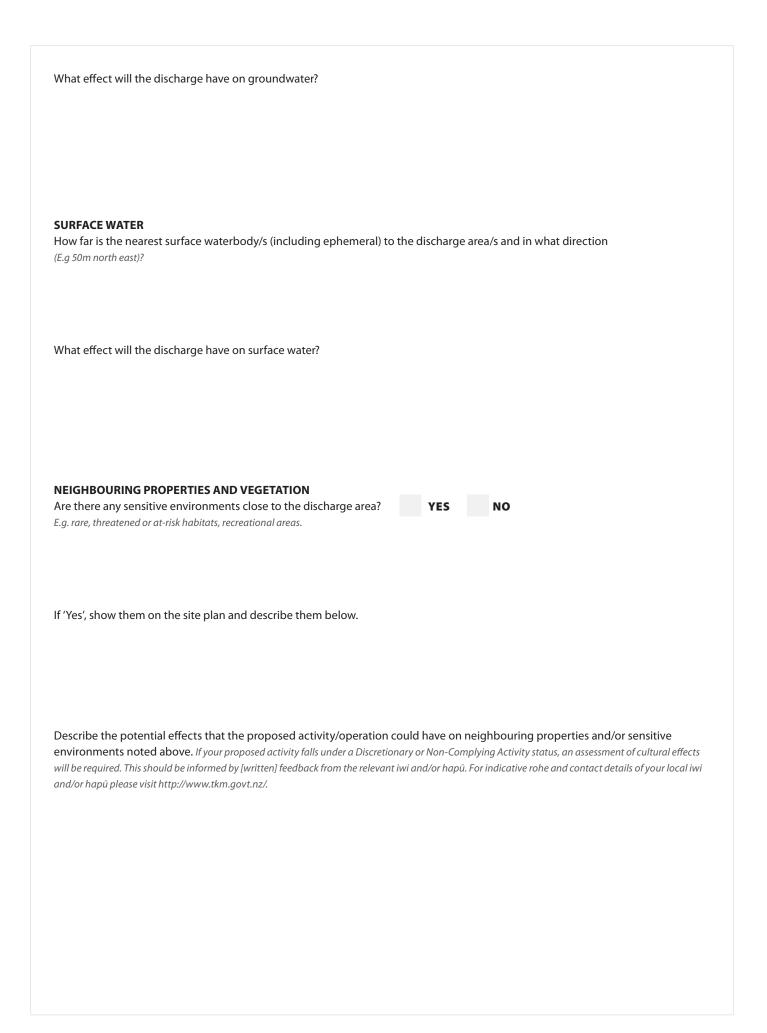

GROUNDWATER

What is the depth to groundwater at the discharge site/s (and is the direction of groundwater flow known)?

Are there any bores in the vicinity (including neighbouring properties), and what are they used for?	YES	NO
If 'Yes', please show them on the site plan and describe their use below.		

What is the land drainage like in the discharge area/s? Is the soil artificially drained?

6 EFFECT ON STATUTORY ACKNOWLEDGMENTS

ls the acti	ivity on, adjacent to, or may affect land that is subject of a statutory acknowledgment?	Yes	No
List of sta	itutory acknowledgments:		
	vharetoa (Bay of Plenty) Claims Settlement Act 2005		
5			
5	ıru Kiitahi Claims Settlement Act 2005		
Ngāti Apa	a (North Island) Claims Settlement Act 2010		
Rangitāne	e o Manawatu Claims Settlement Act 2016		
Rangitāne	e Tū Mai Rā (Wairarapa Tamaki nui-ā-Rua) Claims Settlement Act 2017		
Ngāti Ran	ngi Claims Settlement Act 2019		
	on on statutory acknowledgments can be found on the Horizons website: https://www.horizons. nd-council/iwi-and-hapu	.govt.nz/abo	ut-our-

If yes, Council must have regard to the statutory acknowledgments. We recommend that applicants considering undertaking works that may affect a statutory acknowledgment make contact with local iwi and/or hapū before the lodgement of a consent application to determine if there are any effects on the statutory acknowledgment.

7 TE AWA TUPUA (WHANGANUI RIVER CLAIMS SETTLEMENT) ACT 2017

Are the proposed works in the Whanganui catchment?	
Please note that this covers a larae area. If you are unsure, please contact the consents team.	

If yes, the Whanganui River and its wider catchment is the subject of the Te Awa Tupua (Whanganui River Claims Settlement) Act 2017. Council must have regard to the values of Te Awa Tupua when making a decision on any application we receive (regardless of activity status). On that basis, we recommend that parties considering undertaking works within the Whanganui catchment make contact with Ngā Tāngata Tiaki o Whanganui and local iwi and/or hapū before lodgement of a consent application to confirm any requirements under Te Awa Tupua and obtain feedback on the proposed works.

YES

NO

8 TE WAIŪ-O-TE-IKA - WHANGAEHU RIVER (NGĀTI RANGI CLAIMS SETTLEMENT ACT 2019)

Are the proposed works in the Whangaehu catchment?	YES	r	NO	
Please note that this covers a large area. If you are unsure, please contact the consents team.				

If yes, the Whangaehu River and its wider catchment is the subject of Te Waiū-o-Te-lka (Ngāti Rangi Claims Settlement Act 2019). Council must have regard to the values (Te Mana Tupua and Ngā Toka Tupua) of Te Waiū-o-Te-lka when making a decision on any application we receive (regardless of activity status). On that basis, we recommend that parties considering undertaking works within the Whangaehu catchment make contact with local iwi and/or hapū before lodgement of a consent application to confirm any requirements under Te Waiū-o-Te-lka and obtain feedback on the proposed works.

GOOD MANAGEMENT PRACTICES AND MITIGATION MEASURES

Please include a description of the monitoring or mitigation measures (including safeguards and contingency plans where relevant) to be undertaken to help avoid, reduce, remedy or mitigate the actual or potential effects on environmental features and values.

In your description please include the following:

9

- (a) treatment of the contaminants prior to discharge;
- (b) buffer distances from water bodies, sloping land, site boundaries;
- (c) details of any storage to be provided to enable deferred irrigation;
- (d) a description of the monitoring system to be used for checking and recording the quality and quantity of the discharge. Please include how and when the monitoring will occur, and by whom; and
- (e) contingency planning describe how the equipment controlling the discharge will be operated and maintained to prevent equipment failure, and what measures will be implemented to ensure that the effects of any malfunction are remedied.

10 CONSIDERATION OF ALTERNATIVES

Please include a description of any possible alternative locations or methods for undertaking the activity and why these alternatives have not been selected.

11 CONSULTATION/AFFECTED PARTIES

Please include evidence of any consultation undertaken for this application. This may include (but not be limited to) consultation with adjoining landowners, other consent holders in the immediate area, lwi, government departments/ministries (e.g. DoC), territorial authorities and recreational associations (e.g. Fish and Game New Zealand). Please ensure that you have considered any statutory acknowledgements in the Horizons Region. For more information visit http://www.horizons.govt.nz/ about-our-region-and-council/iwi-and-hapu/statutory-acknowledgements)

If you are in doubt about who you should be talking to call a member of the consents team on 0508 800 800.

Please provide details of those you have identified as parties who may be affected. If you have discussed your proposal with any of these parties, please record any comments and your response to them and submit this with your application.

12 NATIONAL ENVIRONMENTAL STANDARDS

NATIONAL ENVIRONMENTAL STANDARDS FOR SOURCES OF HUMAN DRINKING WATER (NES-HDW)

Are there any public water supplies that could be affected by your proposal?

An assessment under the NES-HDW will need to identify any sources of human drinking water that supply more than 25 people that might be affected by the activity. Horizons Regional Council holds a list of such water supplies within its region and will be able to provide assistance when identifying water supplies within the vicinity of the activity.

Discussion with the water supply operator may also be beneficial in determining whether the supply could be affected and what measures can be taken to ensure the quality of the water supply is maintained.

YES

YES

NO

NO

Please state any other NES that you consider may be relevant to your activity and provide an assessment against that NES.

13 RELEVANT STATUTORY PROVISIONS

The Resource Management Act 1991 requires this application to include an assessment of the proposed activity against the One Plan. Answering the following questions will satisfy this requirement. If you are unable to answer the questions below, or you believe your proposal is inconsistent with the relevant policies and documents discussed, it is recommended you seek professional planning assistance to help you with your application.

For a complete copy of the One Plan visit http://www.horizons.govt.nz/publications-feedback/one-plan

REGIONAL POLICY ASSESSMENT

The objectives and policies of the 'Land and Freshwater' (RPS-LF-FW) chapter are relevant to this application.

Is the activity consistent with the relevant provisions of the Regional Policy Statement?

Please provide reasons for your answer above

Please list any other relevant objectives and/or policies of the Regional Policy Statement and provide an assessment of the activity against those objectives and/or policies.

	ctive LF-FW-O2 and Policies LF-FW-P4, P5, P6, P7, P10, P11 and/or P12 of the 'Land and Freshwater' (RP-LF- chapter of the Regional Plan may be relevant to this application.
	e activity consistent with the relevant provisions of the Regional Plan? YES NO
	se provide reasons for your answer above:
cons	ere are other sections of the One Plan or any national planning document (e.g. NZ Coastal Policy Statement) that ider are relevant, please provide an assessment of the activity against those relevant objectives/policies of the O and/or national document.
